

Intermediary information

of PostFinance Ltd, pursuant to Article 45 of the Insurance Supervisory Act (VAG)

Intermediary company

PostFinance Ltd, Mingerstrasse 20, 3030 Berne (hereinafter PostFinance), acts as the sales partner of TONI Digital Insurance Solutions AG, Unterrohrstrasse 4, 8952 Schlieren (hereinafter TONI), and sells motor vehicle insurance products online on their behalf. TONI acts as the tied insurance intermediary for the insurance companies listed below, and PostFinance Ltd acts as the authorized sales partner of TONI.

Class of insurance; insurance company

On behalf of TONI, PostFinance offers you motor vehicle insurance (comprehensive and liability) and other insurance products from Great Lakes Insurance SE, Munich, subsidiary in Baar, Lindenstrasse 4, 6340 Baar, from the following insurance classes:

- Property insurance
- Liability insurance
- Personal insurance

PostFinance also offers legal protection insurance from Coop Rechtsschutz AG, Entfeldenstrasse 2, 5000 Aarau, and roadside assistance insurance from European Travel Insurance Co. Ltd, St. Alban-Anlage 56, 4002 Basel.

Contractual relationship

PostFinance has a cooperation agreement with TONI, and TONI has a tied agent agreement with its respective insurance company partners. Both receive commission for each policy sold.

Error, negligence, incorrect information

In case of error, negligence or incorrect information with regard to the brokerage of insurance contracts, PostFinance, TONI and the insurance company in question assume liability within the scope of the legal provisions.

Personal data

As intermediary company, TONI collects and processes your relevant personal data in order to prepare offers in connection with an insurance relationship. After concluding an insurance policy, TONI transmits this customer information to the insurance company for the purpose of processing the insurance relationship (see insurance documents). PostFinance also receives your customer data from TONI and processes this data for analysis and marketing purposes (e.g. market research, analysis to improve products and services and to submit individual offers). Personal data is generally stored in electronic and/or paper form.
